

## Additional details on the AlphaValue report concerning the financial situation of EDF

EDF strongly contests the alleged accounting and financial analyses by the firm AlphaValue carried out at the request of Greenpeace and relating to the situation of EDF.

EDF recalls that its accounts are audited and certified by its statutory auditors<sup>(1)</sup> and that the dismantling costs of EDF's existing nuclear power fleet have also been subject to an audit mandated by the French Ministry of the Environment, Energy and the Sea; the summary audit report, made public on 15 January 2016, confirms EDF's estimates.

**EDF files a criminal complaint to draw the consequences of these false allegations and this misleading information.**

(1) EDF's consolidated financial statements and the statutory auditors' report are included in section 6 of EDF's Reference Document

A key player in energy transition, the EDF Group is an integrated electricity company, active in all areas of the business: generation, transmission, distribution, energy supply and trading, energy services. A global leader in low-carbon energies, the Group has developed a diversified generation mix based on nuclear power, hydropower, new renewable energies and thermal energy. The Group is involved in supplying energy and services to approximately 37.6 million customers, of which 27.8 million in France. The Group generated consolidated sales of €75 billion in 2015, of which 47.2% outside of France. EDF is listed on the Paris Stock Exchange.
