Governance

Dominique Cerutti appointed Chairman and Chief Executive Officer of the Altran group

As announced on 22 April 2015, Dominique Cerutti was appointed today Chairman and Chief Executive Officer of the Altran group, the global leader in innovation and high-tech engineering consulting.

At the close of the Shareholder's General Meeting held earlier in the day to elect Dominique Cerutti a Director of the company, the Board of Directors met with Mr Cerutti to bestow upon him his new responsibilities as Chairman and Chief Executive Officer of the Group.

Commenting on his appointment, Mr Dominique Cerutti stated, *"I am extremely proud to be joining Altran and the 23,000 Innovation Makers who work every day to ensure its success. With their talent and sustained efforts, Altran boasts a unique position in its ability to serve its clients' innovation processes; a position which will provide a solid foundation to implement the Group's far-reaching 2016-2020 strategic plan worldwide"*.

An engineer by training, Dominique Cerutti spent over 20 years at IBM where he contributed, from the United States, to the company's strategic transformation. He notably served as Chief Executive Officer of IBM Global Services for the Europe, Middle East, Africa division, then for IBM Europe. He then went on to join the global exchange group NYSE Euronext, serving as Chief Operating Officer and member of the Board of Directors before becoming Chairman of the Management Board and CEO of Euronext, a multinational company which he successfully steered through market flotation and strategic repositioning.

Financial calendar

30 July 2015:	Publication of Q2 2015 revenues
3 September 2015:	Publication of H1 2015 results
29 October 2015:	Publication of Q3 2015 revenues

About Altran

As global leader in Innovation and High-Tech Consulting, Altran accompanies its clients in the creation and development of their new products and services. Altran Innovation Makers¹ have been providing services for thirty years to key players in the Aerospace, Automotive, Energy, Railways, Finance, Healthcare and Telecoms sectors. Covering every stage of project development from strategic planning through to manufacturing, Altran solutions capitalise on the Group's technological know-how in five key areas: Innovative Product Development, Intelligent Systems, Lifecycle Experience, Mechanical Engineering and Information Systems.

In 2014, the Group generated revenues of €1,756m. Altran now has a staff of over 23,000 employees operating in more than 20 countries throughout the world.
