Proventec plc

("Proventec" or "the Company")

Proventec Healthcare – NHS Scotland contract win

Proventec Plc (AIM:PROV, Alternext:ALTPC), the provider of a complete range of hygienic products for the healthcare and industrial sectors, is pleased to announce that Proventec Healthcare has won a new national contract with NHS Scotland for the supply of cleaning and janitorial products.

Of the companies who tendered for the contract, Proventec Healthcare also scored the highest in terms of quality and service.

Proventec Healthcare provides private hospitals, care homes and associated healthcare providers with a "one-stop shop" for hygienic solutions and cleaning products. This includes its range of healthcare steam equipment, specialist tooling, disposable microfibre and a complete range of janitorial products. All products within the Proventec Healthcare range are selected for their efficacy and compatibility to provide a validated infection control offering to the healthcare sector.

Commenting on the contract win, David Chestnutt, Chief Executive of Proventec, said: "This contract with NHS Scotland demonstrates the high quality of Proventec Healthcare's products and services. Proventec Healthcare was established to provide a complete hygienic offering. Initial feedback from the procurement team has been extremely positive."

Proventec manages a complementary portfolio of integrated businesses that specialise in hygienic solutions and preventative coatings technologies. Headquartered in Liverpool, UK, the Company operates in global markets, pioneering developments within the healthcare, food manufacturing, hospitality industries, transportation, construction, and other sectors. Companies in Proventec's portfolio include:

Company	Business area	Employees
OspreyDeepClean	The world's leading provider of low pressure, chemical-free, specialist dry saturated steam cleaning technology.	34
Contico Manufacturing	Provider of general cleaning products and janitorial equipment and supplies.	45
Frank	Manufacturer and distributor of automated cleaning systems and products including portable high pressure washers, self-service vehicle wash stations and dry steamers.	22
CryoJet	Provider of a specialised, industrial cleaning service, utilising steam and proprietary dry-ice technology.	25
Magma Firestop	Develops a wide range fire retardant coatings, for the treatment of building and thatching materials.	4
InnoShield Systems	Develops transparent coatings protecting against UV rays and corrosion.	1

Proventec Healthcare provides innovative solutions for infection control and effective cleaning in the healthcare sector. The Company's specialist steam cleaning technology has been successfully proven in clinical trials with University College London Hospitals to rid all areas and combat the spread of micro-organisms, including 'superbugs' such as MRSA and *Clostridium difficile*. The Company has developed specialist, patented tooling, which has been designed to be used within hospitals on a daily basis and enable the user to clean difficult to reach areas including mattresses, bed frames and curtains without the use of antimicrobial chemicals that may contribute to microbial resistance.

The Company joined the AIM Market in June 2002 and was dual listed on Alternext in May 2008. For further information please visit www.proventecplc.com
