

BOURBON announces the signing of a US\$ 545 million sale agreement for 16 Supramax Bulk carriers

BOURBON announces that its subsidiary Setaf SA has signed a US\$ 545 million sale agreement for 16 bulk carriers with US group Genco Shipping and Trading Ltd.

The closing is expected by end of July 2010.

“As a shipowner, we are a pragmatic company, and we seized an opportunity. Following the Group strategy for its Bulk Division, Setaf is actively managing its shipping activity as a freight operator as well as a ship owner, to offer customized services and dedicated advanced ships to its customers” says Jacques de Chateauvieux, Chairman & Chief Executive Officer of BOURBON. *“The contemplated sales will contribute significantly to the financing of the new “BOURBON 2015’ Leadership Strategy“.*

Aside from the vessels sold, Setaf owns directly a 28,000 ton cement carrier, which is under a long-term charter to Lafarge, and charters a fleet of an average 10 to 12 chartered bulk carriers.
