Manufacturing industry, market services and construction

Industry

Opinion on the outlook for industrial production*

Balance of opinions. S&A: WDA strengthened slightly. The metallurgy, and machinery and equipment sectors were among the best performers.

Opinion on the outlook for services activity*
Balance of opinions. S&A: WDA remained relatively stable overall, but improved in particular in business services (architectural and engineering activities).

Opinion on the outlook for construction activity*
Balance of opinions. S&A: WDA returned to normal levels. Commodity prices rose again. The telecommunications, information and management consultancy sectors continued to recover.

* A point of opinion may range from -200 to +200 but remained below pre-crisis levels. For further details, see [chart 1.1.1. Comparison with last month](#), the [publications calendar](#), the [contacts and all statistical time series](#) published by the Banque de France can be accessed [WEBSTAT Banque de France](#)

Business leaders expect activity to improve further in March.
Business leaders expect a slight improvement in activity in March.
