### Veolia Environnement Class Action Withdrawn by Plaintiffs

**Paris, June 4, 2012.** Veolia Environnement announces the dismissal of the purported class action lawsuit filed against the company and certain of its current and former officers in the United States District Court for the Southern District of New York.

In a letter addressed to the Court on May 25, 2012, counsel for the lead plaintiffs informed the Court that, after careful consideration of the facts and circumstances involved, the lead plaintiffs have determined to voluntarily dismiss the action. Judge Victor Marrero subsequently signed an order dismissing the case.

The lawsuit was originally filed in December 28, 2011, and it was subsequently consolidated with a second lawsuit filed on January 13, 2012. The dismissal covers the consolidated lawsuit, and therefore covers both of the lawsuits that were initially filed.
