About EOS imaging

The EOS imaging group designs, develops and markets EOS®, a revolutionary and patented medical imaging system, based on technology that enabled George Charpak to win the Nobel Prize for Physics. The Group has obtained authorization to market the system in 30 countries, including the United States (FDA), Canada, Australia and the European Union (EC). Thanks to an installed base of 45 sites and more than 150,000 imaging sessions, EOS® benefits from worldwide recognition and established credibility within the medical community. The Group currently employs 57 people including an R&D team of 21 engineers and recorded consolidated revenue of €6.9 million in 2011. The Group's head office is based in Paris, with a subsidiary in the United States at Cambridge, Massachusetts, as well as offices in Montreal (Canada) and Germany.
